

Corner Sentry™

Energy absorbing,
maintenance free
protection for wall
corners.

Vehicle impact is a constant problem for
wall corners in heavy traffic areas.

Corner Sentry is the only energy
absorbing corner protector that can
withstand impact and bounce back to
retain its shape, time after time,
minimizing damage to the building.

Always on guard

Corner Sentry is ideal in parking garages, warehouses, material handling facilities, or anywhere corners are exposed.

Three easy installation methods

- Fastens with standard concrete bolts or screws
- Fastens with construction-type adhesives
- Secures with available straps through integrated recess grooves

Sizing

- Low profile, tapered design fits most 90° corners
- Height 42"
- Covers a 4" x 4" corner area

Corner Sentry™
The best
protection for
wall corners,
vehicles and
your facility.

FEATURE	BENEFIT
Strategically placed "ribs" on the front; strategically placed cut-outs on the back	Add strength to the Corner Sentry
Ethylene vinyl acetate (EVA) exterior shield; semi-rigid interior	Protects vehicle from scratches and dents; hefty resistance to collisions
Polymer construction	No rust, no decay, no painting, no maintenance
Offset grommets	Allow for securing the Corner Sentry with bolts or screws without jeopardizing the integrity of the substrate
Installs with straps, bolts/screws, adhesives	Easy installation to a variety of substrates
